Update on Covid 19 rapid test distribution for the Town of Tiverton

The Town of Tiverton has been given Covid-19 Antigen Rapid Tests. There were certain criteria set forth by FEMA as to the distribution of the tests. Some examples of the groups that these tests were intended for are the Schools, State-run nursing homes, non-congregate shelters and Group Homes.

Tiverton has allocated enough test to satisfy, as much as possible, the criteria set forth by FEMA. We do have additional tests that we will be distributing this Monday January 24, 2022.

The distribution of the tests will be at The Tiverton High School from 3:30-5:30. These tests are for Tiverton residents only. Proof of residency will be required. One kit per resident will be supplied. Tests will be distributed on a first come first basis until all tests are gone.
